Playing Strip

In combining two clubs we will have a mixture of playing strip this year. At this stage we will have available some shorts and socks for 5 to 9 years olds playing in-house. For others the strip will be determined when the teams are decided on.

More Information on season start dates, team make up, strip will be posted on both websites.

Canterbury United Lottery

Canterbury United is our team in the National League. They are currently sitting 3rd, just 2 points off the leader Auckland City and level with Waitakere United, both very strong teams and former champions.

Participating in this lottery supports our own club as well as Canterbury United. Our player pathways through Tech and Cashmere have put many players into this top flight league and we want to continue our support through the raffle. Funds that come into our club from the raffle will be put to player and coach development.
